Databases: SQLite

PROJECTS

Popular Podcasts (Podcasts Page)   manjulaprodcast.ccbp.tech
Developed an online platform for users to browse a variety of podcasts, including speaker names and episode listings.

- Constructed banner sections and project cards using various HTML block and inline elements.

- Implemented CSS3 properties like background, flex, and box model properties, in addition to relative and absolute units for visual design.

Technologies used: HTML, CSS, Bootstrap

Bookmark Maker   manjulabookmark.ccbap.tech

A convenient tool for saving and organizing favourite websites in one place.

- Bookmarks presented in a stylish UI using HTML, CSS, and Bootstrap.

- Dynamic addition of bookmarks to the list through JavaScript DOM operations and Form inputs.

- One-click access to saved websites by clicking on the bookmark in the UI.

Technologies used: HTML, CSS, JS Bootstrap

My Library (Books Page)   manjulabookstor.ccbp.tech

Designed a static website where users can find out about my recommendations of books and info about popular books.

- Designed a banner section that contains the most popular book that I like using different HTML block, inline elements.

- Styled the website using CSS3 properties such as background, flex, and CSS box model properties and relative units such as vh, vw, and used absolute units such as px.

Technologies used: HTML, CSS, Bootstrap
